MARGARET ILGENFRITZ - ORCHIDS
Monroe, Michigan, Aug. 12, 1953.

Here is another space maker special. All the plants are in good condition and will produce quality blooms. Please indicate 2nd and 3rd choice and give me permission to substitute, if necessary. Medium size blooms indicates 5-6" in width. Medium color indicates nice orchid shade.

- 1 Blc. Safran (Flandria) 13 bulbs, 11 leaves, 2 new leads in sheath, 7" pot. Should be divided after blooming. Light pink color, lip same color. Blooms April 15.00

- There is another small area of land in the same vicinity which is also being considered for acquisition. This area is located on the south side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
1. Acquisition of land for the purpose of establishing a national monument.
The first area of land to be acquired is located on the north side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
2. Acquisition of land for the purpose of establishing a national monument.
The second area of land to be acquired is located on the south side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
3. Acquisition of land for the purpose of establishing a national monument.
The third area of land to be acquired is located on the north side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
4. Acquisition of land for the purpose of establishing a national monument.
The fourth area of land to be acquired is located on the south side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
5. Acquisition of land for the purpose of establishing a national monument.
The fifth area of land to be acquired is located on the north side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
6. Acquisition of land for the purpose of establishing a national monument.
The sixth area of land to be acquired is located on the south side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
7. Acquisition of land for the purpose of establishing a national monument.
The seventh area of land to be acquired is located on the north side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
8. Acquisition of land for the purpose of establishing a national monument.
The eighth area of land to be acquired is located on the south side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
9. Acquisition of land for the purpose of establishing a national monument.
The ninth area of land to be acquired is located on the north side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.
10. Acquisition of land for the purpose of establishing a national monument.
The tenth area of land to be acquired is located on the south side of the river, and is approximately 100 acres in size. It is also being considered for acquisition.

- 16 Lc Momus X C Belgica: 10, bulbs, 10 leaves, 1 new lead in sheath, 2 new leads just started. 6" pot. Blooms med.size and color. Good dark lip with yellow eyes in throat. October 15.00
- 17 Lc Ciceronian: 8 bulbs, 8 leaves, 2 new leads, 1 in sheath, 5½" pot. Blooms med. size, white with colored lip. April 15.00
- 18 C Palatine: 6 bulbs, 5 leaves, 1 new lead in sheath, 1 new lead just started. 5" pot. Blooms med. size & color. Holidaytime 10.00
- 19 An Unknown Hybrid: 9 bulbs, 5 leaves, 1 new lead in sheath 5" pot Blooms med. size & color with good dark lip. October 8.50
- 20 C Altadena X C trianae: 8 bulbs, 7 leaves, 1 new lead, 5" pot. Med. size and color. Blooms December - January 8.50
- 21 C Winnewassa: 8 bulbs, 8 leaves, 1 new lead in sheath, 6" pot. Dark blooms. Winter 10.00
- 22 Laelia purpurata Hybrid: 3 bulbs, 3 leaves, 1 new lead in sheath 5" pot 7.50
- 23 Lc Ciceronian: 6 bulbs, 6 leaves, 2 new leads in sheath, 7" pot Med. size, white with colored lip. Blooms January-February 17.00
- 24 C Benson's #41: 6 bulbs, 5 leaves, 2 new leads, 1 in sheath 6" pot. Blooms dark, med. size with good dark lip. Holiday time 17.50
- 25 Blc Gordon Highlander: 6 bulbs, 2 leaves, 1 new lead in sheath, 5" pot. Blooms light color with good dark lip. Holiday time 15.00
- 26 Laelia purpurata Hybrid: 6 bulbs, 5 leaves, 1 new lead, 6" pot Large blooms - Spring 8.50
- 27 Unknown Hybrid: 4½" pot. Blooms large, med.color, good dark lip. December. 10.00
- 28 Laelia purpurata Hybrid: 6 bulbs, 6 leaves, 1 new lead, 6" pot. Produces large blooms in spring. 8.50
- 29 C Mrs. Knollys: 5 bulbs, 5 leaves, 2 new leads, both in sheath. 6" pot. Blooms very dark, excellent dark lip with bronze high in the throat. March 25.00
- 30 C Britannia alba: 5 bulbs, 5 leaves, 1 new lead in sheath, 6" pot. Med. size, white with reddish-purple lip. January 17.50
- 31 C Horocan: 5 bulbs, 4 leaves, 1 new lead well developed. 7" pot Blooms large, med. color with good dark lip. December 15.00

From a group of seedlings, to bloom on current leads,
mostly in 5" pots and in sheath.

C Thureanid: Fall flowering, dark 9.50

Lc Model X Lc Princess Margaret: Dark, excellent, very prolific.
Late fall. 10.50

C Schroederae, The King X Blc. Nannette: A very good white Brasso
with color in the lip. 10.50
